

CLAIMS:

I claim:

- 1           1. A mobile personnel gunfire shield comprising:  
2           a frame having base, top, front and a plurality  
3 of sides;  
4           a plurality of wheels attached to said frame  
5 base;  
6           a plurality of sheets of flexible ballistic  
7 shield material, each said sheet being attached to  
8 said frame to cover the frame front and top and at  
9 least one side;  
10          a transparent bullet resistant window mounted to  
11 said frame front;  
12          a moveable gun mount mounted to said frame front  
13 adjacent said window and having a gun having a barrel  
14 removably mounted thereto and having said barrel  
15 extending through said front sheet of flexible  
16 ballistic shield material;  
17          whereby a mobile personnel gunfire shield allows  
18 a person to propel said shield on wheels while  
19 remaining protected behind flexible shielding material  
20 and being to operate a gun therefrom.
- 1           2. The mobile personnel gunfire shield in  
2 accordance with claim 1 including a flexible skirt  
3 extending below said frame base protecting said  
4 wheels.
- 1           3. The mobile personnel gunfire shield in  
2 accordance with claim 2 in which said plurality of  
3 sheets of flexible ballistic shield material is  
4 removably attached to said frame.

1           4.     The mobile personnel gunfire shield in  
2     accordance with claim 3 in which said plurality of  
3     wheels includes two wheels.

1           5.     The mobile personnel gunfire shield in  
2     accordance with claim 4 including a kick stand mounted  
3     to said frame base for resting said frame thereon when  
4     not being moved on said wheels.

1           6.     The mobile personnel gunfire shield in  
2     accordance with claim 4 including a pair of kick  
3     stands mounted to said frame base for resting said  
4     frame thereon.

1           7.     The mobile personnel gunfire shield in  
2     accordance with claim 5 including an axle attached to  
3     said frame base and having said pair of wheels  
4     rotatably mounted thereto.

1           8.     The mobile personnel gunfire shield in  
2     accordance with claim 7 including a top transparent  
3     bullet resistant window mounted to said frame top.

1           9.     The mobile personnel gunfire shield in  
2     accordance with claim 8 in which said gun mount is  
3     mounted said frame front and has means for pushing  
4     thereon to propel said gunfire shield on said pair of  
5     wheels.

1           10.    The mobile personnel gunfire shield in  
2   accordance with claim 1 in which said plurality of  
3   sheets of flexible ballistic shield material is made  
4   of a Kevlar polymer.

1           11.    The mobile personnel gunfire shield in  
2   accordance with claim 10 in which said frame is made  
3   of steel.

1           12.    The mobile personnel gunfire shield in  
2   accordance with claim 11 in which said moveable gun  
3   mount has a pair of clamps thereon for removably  
4   clamping said gun thereto.

1           13.    The mobile personnel gunfire shield in  
2   accordance with claim 12 in which said moveable gun  
3   mount is mounted to the frame with a universal joint  
4   to allow aiming of a gun mounted thereto.
